Organization overview

Business Name : Mpho Chips and Fries

Industry : Fast food

Location : Thohoyandou

Owner :Mpho mudzunga

Business Description :

Mpho Chips and Fries is a proudly South African fast food outlet that specializes in freshly made Chips and loaded fries . Our offerings include classic slap Chips , spicy Chips , cheesy fries and uniquely flavored toppings made from locally sourced ingredients . We aim to provide tasty affordable meals with fast service and a local vibe .

Website Goals and Objectives

- Increase visibility through an online presence.
- Allow online orders and pre ordering for pickup and delivery .
- Showcase the full menu with pricing and images .
- Engage customers through promotions and feedback forms .
- Provide contact information and location through map integration .

Current Website Analysis

Currently , Mpho Chips and Fries does not have a formal webpage. Social media sites like Facebook and Instagram are used to connect with consumers. But this restricts brand control and functionality.

Proposed Wedsite Features and Functionality

Home page	Overview promotional banners business values
Menu page	Full menu with images , Price and customization options
Order Online	Integration with a secure online ordering system
Gallery	Photos of food and customer events
Contact page	Google Maps location , contact and email
News	Updates on new items and discounts

Design and User Experience

- **Visual identity** : Bright bold colors represent fun and freshness
- **Navigation** : simple top navigation bar and footer menus
- **Accessibility** : High contrast colors , readable fonts
- Mobile first design to ensure optimal experience on phones and tablets

Technical Requirements

- **Hosting** : shared or cloud hosting with SSL
- **Platform** : WordPress or custom HTML and CSS
- **Database** : MySQL for storing orders and customer data

- **Security** : Secure payment gateway integration
- **CMS** : Content Management system for easy updates
